While 19,000 or more cow ponies have gone from the ranges of eastern Oregon this year to supply the needs of the British armies in South Africa and thousands are yet to go, and the price paid has been very satisfactory to the producer, the fact remains that great numbers of scrub ponies are left on the ranges ornery, unbroken, intractable, useless little brutes, consuming feed that ought to go to the fattening of meat cattle. The British army will take smaller animals than will find a ready market elsewhere, but they must be sound and well broken to ride. Thousands of the cayuses will not meet these specifications. Not only will they not bring \$35 each from the British, but they are not wanted at any price-by the British or anybody else. They are either not sound of wind and limb, or are untamable, or both. They are a drug on the market. They belong to anybody who cares to put a brand on them. They are wild horses, and nobody wants them; but each of these animals takes as much range as would be required for the sustenance of a steer that will culation?" dress 1,000 pounds. The stockmen want the range for their cattle, and the railroad companies are glad to assist in taking the uneless cayone ponies out of the country, so there will be more room for stock that will yield money to producers and carriers.

sumed. The average cayuse pony taken to the Linnton abattoir yields only about sixty pounds of merchantable meat, the rest of the carcass going into fertilizer, glue, leather, etc. This meat s carefully pickled in tierces, and is the lands and remaining buildings of shipped to market in France and Holland, where the prejudice against horse the Bavarian state and sold them to meat is not to strong as it is in this the Benedictines for a nominal sum.

Therefore the railroads are willing to

make a very low rate for carrying the

cayuses to the Lington abattoir, and

the movement thither will soon be re-

### CIVIO FRIDE.

Town Trustee Wanted to Cover Up Educational Limitations.

The town trustees of Pokeville ordered the building of a hexagonal chimney for the water works.

It was to be paid for by the cubic foot, and, after the work had been done, the contractor asked the principal of the high school to compute the solid contents of the chimney. The principal complied, and the contractor presented the bill at the next regular meeting of the town board,

"How do we know these figures are correct, Mr. President?" asked one of the trustees.

"If I may say a word, Mr. President," said the contractor, "he knows as well as I do. We've got to take Mr. Guffey's figures. He's the only man in town that's an expert in mathgraaties."

"Wouldn't it be well, Mr. President," naked the same trustee, "to employ some outside expert to make the cal-

"I think not," said the president of the board, with a solemn shake of the official head. "That would be a confession that we haven't even one man

In town who is good at figgers." The bill was allowed by unanimous

Monfin Get Back Their Land-

South Germany's oldest monastery, the Benedictine abbey of Wessohrun, founded in 735 and confiscated in 1803, has been restored to the Benedictine order by Baron von Cramer-Klett, a Protestant, and will soon be reoccupied by the monks. The baron bought all the old abbey for 900,000 marks from

THE INDIAN SCHOOLS.

Very Grave Charges Made by an Ex-Employe.

When the Indian appropriation bill ame up in the house Friday aftersoon a document not known outside the department and congress was introduced in the debute causing a very decided senration. When the Item for maintaining the Indian school at Mt. Pleasant, Mich., was reached, Representative Fitzgerald, of New York, moved to have R struck out and said that, according to a report made to the senate, Supt. E. C. Nardia was not. : fit man to be in control of any lustitution. Mr. Fitzgerald then produced the document, which consisted of a number of reports and smulry letters and statements made by Indian laspectors relative to the conduct management of Indian schools, Among others it contained a report relative to What River boarding school, Shoshone agency, Wyoming, made June 4, 1000 to the secretary of the interior, when Nardin was superintendon there. The Inspector not only charges neglect and incompetency on the part of Nardin, but also makes the statement that his own findings and also the result of an lavestigation made by Impector Nickerson show "that this school has educated more girls to hardory than any other similar school in the service."

Appended to the reports are the statements made by a score of the femate pupils which indicate that a frightful state of affairs must have existed among the pupils. Nardin was promoted to the Mt. Pleasant school about two years ago and is highly regarded. This school is in Representative Darragh's district, and the latter said that he had understood Nardin to se well fitted for the position,

Owing to the character of the testinony given by the Indian girls there was a great demand for the report and they were withdrawn from the doesment rooms in order to prevent them from be owing generally circulated. Supt. E. C. Thoma, or the Mr. Pleasent school, says the charge is abso-

furely false. The moral tone of the school is of a high character and the clear of such suspicions. Such a charge could not be made trutafully. He demands the fullest investigation.

Cannon said he wouldn't condemn a dog on the report. Sherman, who is chairman of the Indian committee. finally proposed to have a committee appointed to investigate the charges. Commissioner Jones, of the Indian department, says Nardin's record for two years at Mt. Pleasant is excellent. He admits there was a basis for Mc Connell's charges, but says that Shos-hone Indian Agent Nicholson, who was Nardin's superior, investigated them and exonerated Nardin.

If you get into the place God wants you to have, you will have a good one.

Governor Taft in closing his statement of the conditions prevailing in the archipetago before the senate committee on the Philippines, said the intervention of the United States in the Philippines was the best thing that could happen for the Filipinos, but that it would have been better for our country if we had not gone there. He added: "If the result in the end proves to be in the interest of the general welfare, then we can possibly justify ourselves on the ground that we have taken only our share of the burden of civilization in bringing out an uncivilized people.

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL. WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing lile Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails. The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition, I cannot tell you how thankful I feel for the good I derived from it. I was a slave,

chained with putried sore throat and Asihma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting alsease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

# Rev. Dr. Morris Wechsler,

Rabbi of the Cong. Baai Israel, NEW YORK, Jan. 3, 1901.

Dr. Taft Buos', Medicine Co., Gentlemen: Your asthmalene is an ex-cellet remedy for Asthma and Hay Fever which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours, REV. DR. MORRIS WECHSLER.

Avon Springs, N. Y., Feb. 1, 1901.

DR. TAFT BEOS', MEDICINE CO. Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others. I chanced to see your sign upon your windows on 130th street, N. Y., I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS', MEDICINE Co. Feb. 5, 1901. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Rivington street. S. RAPHAEL. 62 East 129th street, New York City

TRIAL BOTTLE SENT ABSOLUTE . FREE ON RECEIPT OF POSTAL.
